Dear Committee Members,

Please accept our grateful appreciation for your support of the infrastructure improvements in our community. The curb, gutter, sidewalk, and cross pan repairs are now completed despite a stop work order last spring, falling tax revenue, and competing project priorities. As a result of your help, our community now has handicapped sidewalk cuts at each intersection and significantly safer sidewalks free from tripping hazards.

We truly appreciate your continued improvement efforts and look forward to the resurfacing our streets.

Sincerely,

The Country Broadmoor Homeowners Association, Inc.
